May be contaminated with Salmonella

**Company Name:**

F&S Fresh Foods

**Brand Name:**

F&S Fresh Foods

**Product Description:**

Mediterranean Inspired Party Tray

---

## Company Announcement

F&S Fresh Foods, Riverside, CA is recalling Mediterranean Inspired Party Tray 22 oz. The recall was initiated after F&S Fresh Foods was notified that Grecian Delight Tzatziki sauce supplied to F&S Fresh Foods may be contaminated with *Salmonella* because it contains cucumbers recalled by Sunfed Produce, LLC. (Link to Sunfed recall on the FDA website can be found [HERE](#).)

*Salmonella* is an organism that can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Healthy persons infected with *Salmonella* often experience fever, diarrhea (which may be bloody), nausea, vomiting and abdominal pain. In rare circumstances, infection with *Salmonella* can result in the organism getting into the bloodstream and producing more severe illnesses such as arterial infections (i.e., infected aneurysms), endocarditis and arthritis.

These products were sold at Ralph's stores in California and Smith's stores in Arizona, Idaho, Montana, Nevada, Utah, and Wyoming.

The containers are plastic clamshells with the affected dip in a separate lidded cup as pictured below. Coding information will include the letters “GH” followed by three digits ranging from 325 - 339. Sell by dates range from 11/27/24 to 12/11/24.

No illnesses have been reported to F&S Fresh Foods to date.

This recall is being made with the knowledge of the U.S. Food and Drug Administration.

Consumers who purchased this product with the above sell by dates and still have them in their refrigerator or freezer should not consume them; they should be destroyed or discarded so they cannot be consumed. Clean and sanitize surfaces they may have touched. Consumers concerned about an illness should contact a medical professional.

Consumers with questions may contact the company at (888) 449-9386, 8:00 am – 5:00 pm PT, Monday through Friday.

### **About Feeding America Recall Notices**

The Feeding America national office issues notifications of all national Class I and II recalls--those involving a health hazard situation in which there is reasonable probability that eating the food will cause health problems or death--and other recalls that may affect the safety of food supplied to network members.

The national office strongly encourages all member product solicitors, operations managers, and others involved in food and grocery distribution to regularly consult resources provided by the United States Food and Drug Administration (FDA) at <http://www.fda.gov/opacom/7alerts.html>, and the United States Department of Agriculture (USDA) at [http://www.fsis.usda.gov/Fsis\\_Recalls/index.asp](http://www.fsis.usda.gov/Fsis_Recalls/index.asp). Additionally, members can often receive information on national, state, and

local recalls by contacting their local health departments.
