**Brand Name:**

**Gerber Good Start**

**Product Description:**

**Powdered Infant formula**

Dublin, Ireland – March 17, 2023 – Perrigo Company plc is issuing a voluntary recall of certain lots of **Gerber® Good Start® SoothePro™ Powdered Infant Formula in the U.S.**, that were manufactured at the Company’s Gateway Eau Claire, Wisconsin manufacturing facility from January 02, 2023 to January 18, 2023. This product is being recalled out of an abundance of caution due to the potential presence of *Cronobacter sakazakii*

Importantly, no distributed product has tested positive for the presence of this bacteria, no adverse events have been reported and no other products manufactured at this facility or any other of Perrigo’s facilities are affected by this recall.

*Cronobacter sakazakii* is a bacteria commonly found in the environment. In most people it causes no symptoms but in some, particularly premature infants, infants under 2 months of age or infants with weakened immune systems fever, poor feeding, excessive crying or low energy as well as other serious symptoms can occur.

**This product is sold at retailers across the U.S.** Consumers who purchased the product after March 5, 2023 should look for the following Lot Codes and “use by” dates, which can be found on the bottom of the package. No other lot codes are impacted by this recall. Any consumers who purchased product with matching codes should discontinue use and dispose of the product.

#### **About Feeding America Recall Notices**

The Feeding America national office issues notifications of all national Class I and II recalls--those involving a health hazard situation in which there is reasonable probability that eating the food will cause health problems or death--and other recalls that may affect the safety of food supplied to network members.

The national office strongly encourages all member product solicitors, operations managers, and others involved in food and grocery distribution to regularly consult resources provided by the United States Food and Drug Administration (FDA) at <http://www.fda.gov/opacom/7alerts.html>, and the United States Department of Agriculture (USDA) at [http://www.fsis.usda.gov/Fsis\\_Recalls/index.asp](http://www.fsis.usda.gov/Fsis_Recalls/index.asp). Additionally, members can often receive information on national, state, and local recalls by contacting their local health departments.
