Summary

Company Announcement Date:

March 11, 2025

FDA Publish Date:

March 12, 2025

Product Type:

Food & Beverages
Foodborne Illness

Reason for Announcement:

Listeria monocytogenes

Company Name:

New Age International Inc.

Brand Name:

Daily Veggies

Product Description:

Enoki Mushroom

Company Announcement

New Age International Inc of Brooklyn, NY is recalling all lots of Daily Veggies brand Enoki Mushroom, 200g, Product of Korea, because they may be contaminated with *Listeria monocytogenes*, an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people and others with weakened immune systems. Although healthy persons may suffer only short-term symptoms such as high fever, severe headache, stiffness, nausea, abdominal pain, and diarrhea, *Listeria* infection can cause miscarriages and stillbirths among pregnant women.

The recalled Enoki Mushrooms were distributed to wholesalers in NY that distributed to other states. The recalled product comes in a clear plastic package printed with yellow and green ink declaring Daily Veggies Enoki Mushroom Product of Korea Net Wt. 200g (7.05oz) and marked with UPC code 8809159458890 on the back label. This recall includes all lots.

No illnesses have been reported to date in connection with this problem.

The contamination was discovered after samples were collected from a store in West Virginia on 1/14/2025 and subsequent analysis by West Virginia Department of Agriculture

revealed the presence of *Listeria Monocytogenes* in some 200g packages of Daily Veggies Enoki Mushroom from Korea.

Consumers who have purchased 200g packages of Daily Veggies Enoki Mushroom should not consume the products and are urged to destroy the products immediately or return them to the place of purchase for a full refund. Consumers with questions may contact the company at 718-808-1018 between 9am to 2pm Eastern Time, Monday through Friday.

About Feeding America Recall Notices

The Feeding America national office issues notifications of all national Class I and II recalls--those involving a health hazard situation in which there is reasonable probability that eating the food will cause health problems or death--and other recalls that may affect the safety of food supplied to network members.

The national office strongly encourages all member product solicitors, operations managers, and others involved in food and grocery distribution to regularly consult resources provided by the United States Food and Drug Administration (FDA) at <http://www.fda.gov/opacom/7alerts.html>, and the United States Department of Agriculture (USDA) at http://www.fsis.usda.gov/Fsis_Recalls/index.asp. Additionally, members can often receive information on national, state, and local recalls by contacting their local health departments.
