

Three Square Food Bank Catering Services

At Three Square, food brings people together, and it moves our mission forward. Whether you're hosting a team lunch, board meeting, or special gathering, our culinary team creates experiences that are both memorable and mission-driven. Every catered event directly supports our work to provide nutritious food to children, families, and seniors facing hunger.

Designed for Your Event

No two events are the same, and neither are our menus. We offer a variety of customizable options, from casual lunches to elevated buffets, to meet your needs.

- Custom and chef-designed menus available
- Vegetarian and gluten-free options
- Buffet-style and à la carte selections.

Our team will work with you to create a menu that everyone will enjoy.

Food That Gives Back

When you choose to cater with Three Square, your event does more than feed your guests: it feeds our neighbors. A portion of every order supports our mission to ensure everyone in Southern Nevada has access to nutritious food.

Together, we can turn a shared meal into lasting impact.
